K1, formerly known as KikeONE, is a pioneer DJ and producer in hard dance music in Mexico and considered one of the greatest Mexican exponents of the genre internationally. He always dreamed of performing at the most important hardstyle festival **DEFQON.1**. His songs and his unique style of playing have led him to share the stage with great artists such as Angerfist, Headhunterz, The Prophet, Radical Redemption and Technoboy at international festivals such as Electric Daisy Carnival, WiSH Outdoor and Dreamfields, to name a few, being the “The only Mexican” to perform on the Basscon stage at Electric Daisy Carnival Mexico 2016, on the Scantraxx stage at Dreamfields 2018 and Wasteland at Electric Daisy Carnival Las Vegas 2019.

On 2019 he received the invitation to be part of **DEFQON.1 2020** because of circumstances the live edition was postponed but he was booked at **DEFQON.1 At Home 2020**.
